Dear Mother & Folks

Hope everyone is feeling fine. I am feeling tops. Mail has been coming in pretty good the past few days but those packages have still to show up. Received a letter from Babe yesterday.

Had a letter from Mother a few days ago & she said the girls had got a letter from me from this address & two days later got one saying I was O.K. with my old address on it. The reason I did not mention being hit again was because I did not think it was serious enough to mention, but found out later that I was going to be back for sometime.

The old war news has been great the past 2 weeks. Let's hope it won't be long before it's all over. Berlin at last report is only 125 miles away. Sounds great doesn't it. Haven't got Frank's latest address. He has been moving around a heck of a lot since leaving the hospital. His serial number is 32790256. Guess he must be up in Germany somewhere giving them

Boy those twins sure are growing up. Four years old, sorry I had to miss two of their birthdays but will try + be at their birthdays. We still have about 4 inches of snow. Hope it goes fast, it will make it much easier for the boys up front. This outfit is a pretty soft one + guess I still am looking forward to that day I can return to the Infantry. I just don't feel right back here, while all those boys up there are dying every day. Would like to get a few more of those — — points before I call it quits. My toes are coming along fine so please don't worry. Will close for tonight. Please keep that mail coming. Please send a little candy.

Love to all

"Dick"
